

Biographical Sketch

Gabriel Rojas Bowe

Current Status

Undergrad student
Cell and Molecular Biology, University of Puerto Rico-Rio Piedras (UPRRP)

Email: gabriel.rojas3@upr.edu

Education:

2016-Present B.S. Cell and Molecular Biology (Expected 2021)

Current Research Interests: Molecular mechanisms and neural circuits of motivated behavior and aversive learning. Conflict decision making. Spatial-temporal memory processing and recollection.

Research Experience:

2018-Present	UPR Medical Sciences Campus, Undergraduate Researcher (mentor, Dr. Gregory Quirk)
2018 (summer)	University of Chicago, Undergraduate Researcher (mentor, Dr. Robert Carrillo)
2017-2018	UPRRP, Undergraduate Researcher (mentor, Dr. Marvin Bayro)

Other Research Activities:

Jul 2019 – Present	NeuroBoricuas Rio Piedras - Vocal
Jun 2015	Biotech Summer Camp

Honors:

Jul 2019 – Present	Maximizing Access to Research Careers (MARC) fellowship
Aug 2018 - Present	Dean's List status
Jul 2018 – Jun 2019	Research Initiative for Scientific Enhancement (RISE) fellowship
