

Fabiola N. González Díaz

Biographical Sketch

CURRENT STATUS

Sophomore Undergraduate Student

Dept. of Biology, UPR Río Piedras Campus

EMAIL:

fabiola.gonzalez11@upr.edu

Research Interests:

Because there's very little that is known about the brain and how it works, I'm deeply interested in understanding the pathways that are responsible for different neurological disorders, mainly related to fear memories. I'm interested in the development of efficient and specific treatments for disorders such as OCD and PTSD.

Research Experience:

2017- present Research Assistant (Mentor, Dr. Gregory Quirk)

HONORS:

2016-present Dean's List

2017 Faculty of Natural Sciences' Honor Roll
