

Biographical Sketch

Jose F. Catala Torres

Current Status

Coursing B.S. in Chemistry
Dept. of Chemistry, UPR-Rio Piedras

Email: jose.f.catala11@gmail.com

Education

2012-2015 University Gardens High School
2015-present UPR-Rio Piedras

Current Research Interests: My research is focused around exploring the relationship between citrate and metal transport. Specifically, how citrate may help regulate titanium(IV) bioactivity through its transport in human serum transferrin(sTf).

Research Experience

2018 (summer) Research Assistant (University of Utah)
2017-Present Research Assistant (mentor, Dr. Arthur D. Tinoco)

Other Research Activities

2018 NMR Workshop

Honors

2016 Honor Roll at UPR-Rio Piedras
