

Biographical Sketch

Gabriel Rojas Bowe

Current Status

Undergrad student
Cell and Molecular Biology, University of Puerto Rico-Rio Piedras (UPRRP)

Email: gabriel.rojas3@upr.edu

Education:

2016-Present B.S. Cell and Molecular Biology

Current Research Interests: My research is currently focused on elucidating the neural mechanisms of avoidance in light of our knowledge about the neuronal mechanisms of fear.

Research Experience:

2017-2018 UPRRP, Undergraduate Researcher (mentor, Dr. Marvin Bayro)
2018 (summer) University of Chicago, Undergraduate Researcher (mentor, Dr. Robert Carrillo)
2018-Present UPR Medical Sciences Campus, Undergraduate Researcher (mentor, Dr. Gregory Quirk)

Other Research Activities:

2015 (summer) Biotech Summer Camp

Honors:

2018-Present Research Initiative for Scientific Enhancement (RISE) fellowship
