

Biographical Sketch

Karitza Díaz- González

Current Status

Undergraduate Student
Dept. of Chemistry, University of Puerto Rico Rio Piedras Campus

Email

karitza.diaz@upr.edu

Education

2017- Present BS Chemistry, UPRRP

Current Research interest

Our laboratory focuses on environmental-analytical chemistry. My research project is based on the impact of nanomaterials in marine ecosystems through the study of the metabolic response of *Vibrio fischeri* as a model organism.

Research Experience

January 2020- Present Undergraduate Researcher, UPRRP (mentor: Dra. Liz Díaz)

Honors

2018- Present	Dean's List
2019- Present	Honor Roll of Natural Science Faculty UPR-RP
2020- Present	Research Initiative for Scientific Enhancement (RISE) Undergraduate Member
